

Rationale

As one of the city's top tourist attractions, Granville Island sees high numbers of tourists, especially in the summer. With tourism to Vancouver setting new records each year, the number of tour buses driving onto the Island has also grown. The increasing number of buses on the Island must be managed responsibly in order to limit the negative impact on Island operations and the overall experience for visitors. These impacts include increased traffic congestion as buses maneuver and park within the Island's constricted road network, as well as the cumulative impact of large numbers of buses on the Granville Island "people place" ambience.

To better manage tour bus traffic, Granville Island created a Tour Bus Policy.

Definitions

For the purpose of this policy, "tour bus" refers to any passenger vehicle that:

1. Is being used for the purpose of bringing tour groups to Granville Island,
2. Does not fit into a standard parking stall (approximately 16ft long).

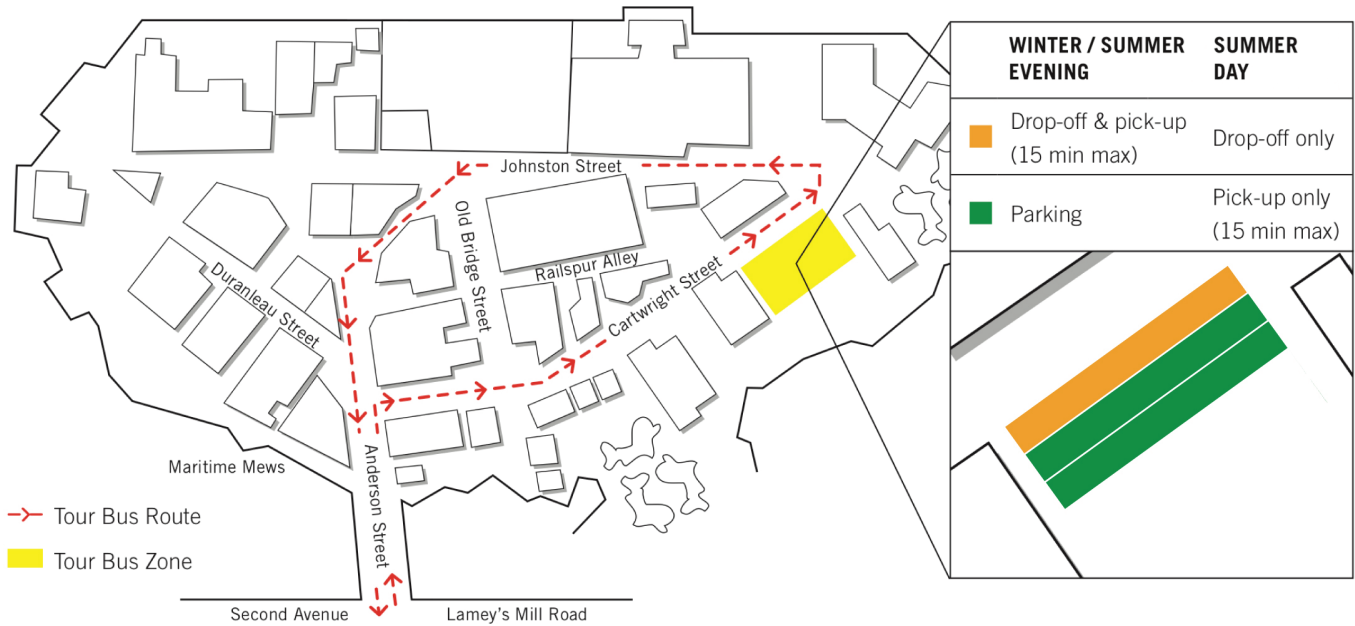

Enforcement

Enforcement of the tour bus policy will be conducted by Granville Island Parking Ambassadors. Parking ambassadors will determine whether a tour bus has a valid permit by checking the license plate of the tour bus. If a tour bus has not already paid for a permit, the operator can buy a permit on site from the parking meter. If a tour bus operator refuses to buy a permit, or violates the Tour Bus Policy by dropping off or picking up passengers outside of the Tour Bus Zone, they will be issued a violation ticket as follows:

Violation ticket is \$70.00

- **\$90.00** if not paid within 48 hours of receipt
- **\$140.00** if not paid within 21 days of receipt

Note - youth groups with passengers 17-years-old and younger do not need to purchase a day permit
