RE: Granville Island Parking Tenant Parking

---

Hello Granville Island Tenants & Community,

Effective November 1, 2024, we are transitioning from EasyPark to Impark, as they were the successful bidder of a public tender for the parking management services for Granville Island.

The options of **hourly staff rate, virtual monthly permits, and physical monthly hang tags** will remain the same as will their cost as per below:

- Hourly staff rate - \$1/hour
- Virtual monthly permit - \$133.00 each
- Physical monthly hang tag - \$153.00 each

These parking options are intended for drivers who work and/or live on Granville Island. Drivers must have an approved license plate to be eligible for the discounted parking options. If the license plate of a vehicle has not been registered and approved, the vehicle is subject to be ticketed.

**Note, the Honk mobile app will no longer be available to purchase hourly staff rate parking.**

**To use any of these three options, you will need to complete the attached form AND email it to [granvilleisland@impark.com](mailto:granvilleisland@impark.com) no later than Friday, October 25, 2024. Registrations will not carry over from the previous management company; anyone who does not re-register will need to pay for parking each time they are on the Island or will risk receiving a ticket.**

Parking passes cannot be purchased from the CMHC-Granville Island office.

If you have any questions or feedback about the policy, please contact the Tenant Coordinators at [coordinators@granvilleisland.com](mailto:coordinators@granvilleisland.com)

If you have technical questions about the permit process, please contact Impark at [granvilleisland@impark.com](mailto:granvilleisland@impark.com).
